

Bayside Leadership Trainee

Dear Bayside Parent and Teen,

Thank you for your interest in the CCRI Bayside Summer Adventure Leadership Trainee Program. The LT Information form, CCRI Registration form (see website www.creativecri.org) and two letters of reference are all you will need to apply. Reference letters from parents or friends will not be accepted. References from teachers, coaches, or someone you have baby-sat for are all acceptable references for the LT application process.

Participants must be 14 no later than the first day of the LT training session in order to be eligible. Participants must be able to attend and complete from start to finish the 1-week, Mon. thru Fri. session. This year the LT program takes place second session June 22nd-26th. The LT program is designed to provide teens with a half to full day instruction and/or group work, assigned tasks and discussion periods. Successful completion is important if you wish to be considered for additional weeks as a LT camper (which provides minimal mentoring).

Once the LT Information form, two letters of reference and all registration paperwork & deposits are received, an interview *may* or *may not* be scheduled to meet with prospective LTs to discuss individual personal goals as a future LT. If an interview is to be scheduled, you can expect a call sometime at the end of May or at the first part of June. If you do not hear from us, we'll see you on the first registered day (July 7th).

Please note, teens may not register for additional weeks or the LT II program unless they have received prior approval from the Camp Coordinator or Director. LT II placement is awarded to participating LT I campers **during** the summer who demonstrate exceptional dedication, initiative, responsibility, reliability, leadership and program knowledge. LT II placement is an earned honor and is achieved only through individual determination, desire & commitment to CCRI camp objectives & philosophy.

If you have questions, please give us a call at (410) 266- 6132. Thank you for your interest in our program.
